

Where Creative Dreams Come True

## Yo -Yo Wreath Ornaments

Christmas to July Event 2007

To make these charming 3-D ornaments you will need the following

### Tools

Large "Clover Quick Yo-Yo Make" to make a 4 inch wreath  
Small "Clover Quick Yo-Yo Maker" to make a 2.5 inch wreath  
Scissors  
Matching quilting thread  
Hand Sewing Needles

### Fabric to make two 4 inch Wreaths

1/8 Yd each of 3 different seasonal print green fabrics  
2/3 Yd of 3/8 inch red ribbon

### Fabric To make eight 4 inch Wreaths you will need:

1 Fat Quarter of 3 different seasonal print green fabrics  
3 Yd of 3/8 inch red ribbon

### Directions to make the 4 inch Wreath:

- 1- Cut out five, 4.5 inch squares from each fabric.
- 2- Place the fabric between the plate and the disk of the large "Clover Yo-Yo Maker", then cut around the disk, following the manufacturer's instructions.
- 3- Stitch, following the holes in the plate. Remove the plate and gently pull on the thread until you are satisfied with the shape and size. Make 5 yo-yo's of each of the 3 fabrics in this manner for each wreath you want to make. You should end up with 15 yo-yo's for each.

### To assemble the Wreath Ornaments:

- 4- Thread a hand sewing needle so that you end up with a 20 inch double strand.
- 5- String the 15 yo-yo's together by running the thread through the center of each one.
- 6- Pull the thread tight, and then continue past the yo-yo you started with to create the wreath shape.
- 7- When the yo-yo's fit snugly together tie a couple of knots to hold the wreath shape and use the excess thread as the hanger.
- 8- Cut the ribbon into one, 12 inch length. Wrap the ribbon around the thread holding the yo-yo's together and knot; trim the ends at an angle.
